

Farewell Flowers

Guide & Prices

Each of our beautiful arrangements starts with a chat so that we can reflect the loves, life and interests of the departed.

Each tribute will be unique and not from any set format or catalogue.

We can include favourite colours or flowers and that something different to make a special countryside tribute.

We are happy to gather flowers and foliage from the garden of the departed, to make the tributes even more personal and special.

We will work closely with your chosen undertaker and will ensure that every last detail will be taken care of, including the delivery of your flowers.

We deliver free within 5 miles of Woodchurch after which there will be a small delivery charge.

If you prefer flowers can be collected from us.
